APPEAL TO PRESIDENT  
WILSON FOR HUSBAND****Mrs. MacSwiney Asks Wil-  
son to Use Influence  
with British.**

By Associated Press Leased Wire  
London, Sept. 4.—Mrs. Terence MacSwiney has sent a cablegram to President Wilson in behalf of her husband, Lord Mayor of Cork, who has, for several days been in a serious shape as a result of a hunger strike which began August 12 in Brixton prison.

Mrs. MacSwiney asks Mr. Wilson to "use your influence with the English government to prevent the perpetration of an outrage on civilization."

**Had Bad Night.**  
The Lord Mayor spent a bad night, and this morning was very pale and was suffering from complete exhaustion, being able to speak only in gasps. He was still conscious, however. His brother remained with him during the night, and other members of the family are maintaining a constant watch.

**At His Lowest.**  
Annie MacSwiney, the Lord Mayor's sister, on leaving Brixton jail at 2:30 o'clock this afternoon said her brother was at his very lowest. Acting on the doctor's advice, she did not attempt to converse with the Lord Mayor, but read to him.

**PRODUCTION OF  
CARMEN IS SURE  
OF SUCCESS HERE****Splendid Cast in Big  
Operatic Production  
at Assembly Park.**

The advance subscription sale for the stupendous Dunbar production of "Carmen" at the Assembly Auditorium in Dixon on Friday evening, September 17, began today. C. E. Burdick, Assistant General Manager for Ralph Dunbar and H. C. Eldred, advance representative, are here to cooperate with Charles Eastman, local manager in the preliminary arrangements for this colossal production.

**Sixty-Six In Cast.**  
To stage Bivett's gorgeous musical drama sixty-six people are required. In the company is a symphony orchestra of twenty-six prominent New York and Chicago musicians.

Two carloads of the most elaborate scenery Joseph Urban could design will be employed in the presentation of "Carmen" in Dixon. The lighting effects are said to be wonderful.

"The people of Dixon are to be congratulated upon getting this magnificent production Mr. Burdick told his interviewer today. This is the first time "Carmen" was ever attempted as a road production on such a spectacular and expensive scale. Charles Eastman, Dixon manager, was highly enthusiastic over the possibilities of a big success. He predicted a record breaking crowd for "Carmen." "As soon as the people of Dixon realize that this production of Carmen is a high-class, high priced show with a cast of some of America's foremost opera stars, interest will be keen," Mr. Eastman asserted. To bring Carmen to Dixon Mr. Eastman has had to guarantee what is believed to be the biggest sum ever assured a production outside the larger cities. He has faith in the musical and drama loving propensities of the people of Dixon and vicinity.

**Have Splendid Cast.**  
Among those in the "Carmen" cast are some of the ablest singers in the country. Lorna Doone Jackson and Viola Robertson, both prima donna sopranos of great power and dramatic ability, will alternate nightly in the title role.

Levi Cunnell, one of the great tenors of the nation, will take the difficult male role of Don Jose. He has achieved distinct success in this role at the Metropolitan in New York as well as other eastern centers. Reynold Stephens, who made such a decided hit here three years ago singing, "October Ale," in Ralph Dunbar's production "Robin Hood" will also be heard again in this year's "Carmen."

All in all, "Carmen" is sure to score a big success.

**Proclaim Lebanon as  
New Near East State**

By Associated Press Leased Wire  
Paris, Sept. 3.—Proclamation of the new state of Lebanon was made at Beirut on Sept. 1 by General Gouraud, French commissioner for Syria. The new state will be bounded on the north by the river Khabr from which it will extend southward to the frontier of Palestine, and its eastern boundary is fixed along the hills to the east of Lebanon. Beirut, the chief city of the country, is named seat of the government.

**CANOE FROM ROCKFORD.**  
Several members of the Blackhawk Canoe club of Rockford left this city last evening on an over Labor Day trip to this city and return. En route, they will camp at Holsinger's Rocks, Oregon and Grand Detour. The canoes will be shipped back to Rockford from Dixon.

All women voters are urged to attend the meeting at which Mrs. Dobyns will preside Tuesday, 2:30 at the Court House.

**VOTE FOR HIM****GEORGE E. KEYS**

The Springfield man who visited Dixon today in the interests of his campaign for State Treasurer on the Republican ticket. Mr. Keys is, deservedly, a very popular candidate. He should receive the nomination.

**GEORGE E. KEYS  
CANDIDATE FOR  
OFFICE IS HERE**

George E. Keys, of Springfield, Ill., candidate for the Republican nomination for State Treasurer, was a visitor in Dixon today. Mr. Keys is making an automobile tour of this section of the state.

Mr. Keys, though a young man, is very widely known over the state and wherever he is known he stands high. He has the endorsement of Governor Lowden and will undoubtedly roll up one of the highest totals in the voting September 15.

**Bunte Bros. Indicted  
on Sugar Profiteering**

By Associated Press Leased Wire  
Chicago, Sept. 4.—Officials of Bunte Brothers, confectioners, and three wholesale grocery houses were indicted today by the federal grand jury charged with profiteering in sugar.

The grocery houses named are the Empire Grocery company, Hadesman Brothers and the Henderson Taylor company.

Bunte Brothers are charged with having sold 60,000 pounds of sugar, which cost them \$8,100, to Sutcliffe & Co., Peoria, Ill., on April 22, for \$17,550. A second count alleges that on April 17 they sold 60,000 pounds of sugar which cost \$7,800, to the Novak Grocery company, Chicago, for \$17,400. April 28 two shipments of 80,000 pounds each were sold for \$48,000 while the cost was 20,800, the indictment says. One shipment went to the Jobst, Lethard company of Peoria and the other to the central sugar company, Chicago.

The Henderson Taylor company is charged with accepting excessive profits. The indictment says the company made a profit of one cent a pound on sugar sold to the Quincy Confectionery company.

**Denies Jack Johnson  
Gets Jail Liberties**

By Associated Press Leased Wire  
Elgin, Ill., Sept. 4.—Jack Johnson is receiving no liberties at the Kane county jail at Geneva, Sheriff Claude Poole declared this morning. In a de-charge made by a Chicago attorney, Poole said that the former heavyweight champion pugilist was having too much freedom.

"The reports which declared Johnson sold out automobile riding are false," said Poole. "He is not allowed outside the jail. He boxes a little in his cell but he puts on no prize fights for galleries of spectators."

"If it is true that Jack is having it too easy in Geneva I would not object to his being taken somewhere else. The numbers of people trying to see and talk with him keeps us busy," added the sheriff. Poole said tales of Johnson's automobile rides in the country near Geneva are fictitious and originated by some one who finds he cannot see the pugilist at the jail."

**COX IN MILWAUKEE;  
CONTINUES ATTACKS  
ON CAMPAIGN FUNDS****Democratic Candidate  
Charges Hays or Up-  
ham Are False.**

By Associated Press Leased Wire  
Milwaukee, Wis., Sept. 4.—Invading Wisconsin on the second day of his western tour Governor Cox today continued his pounding of Republican campaign contributions and his discussion of the League of Nations.

Starting from Chicago this morning, Governor Cox made his first speech at Kenosha, following that with a rear platform address at Racine.

In this city, it was announced there was to be a continual round of entertainment and speech making, five addresses being on his schedule, the last at 10 o'clock tonight prior to his return to Chicago, where he expects to spend Sunday. The government principal speeches were at the state fair at 10:30 and at Plankinton Hall tonight.

**More About Quotas.**  
In his addresses here Governor Cox asked Republican Chairman Will H. Hays concerning alleged quotas in the "official bulletin" of the Republican treasurer and concluded with this observation:

"If you told the truth on the stand under oath, then Mr. Upham (Republican national treasurer) in his official capacity misrepresented you. This contradictory circumstance shows that you are either a perjurer or Mr. Upham is a falsifier. If the latter be true it is your duty to discharge him as treasurer. If you do not do so then the American people can draw their own conclusions."

**Foreign Obligations.**  
Governor Cox also called attention to Senator Harding's speech of Aug. 28, in which he said that congress, technically, could keep the nation out of war but morally could not do so, Governor Cox said:

"Answer this, Senator Harding, yes or no, do you mean that you are opposed to our assuming any moral obligation in our international relations?"

**Teeth the Hague.**  
Then in the same speech you say "It is not uncommon for the advocates of the League of Versailles to contrast unfavorably the Hague tribunal, upon the ground that the tribunal lacks teeth. Very well, let's put teeth in it. Please answer yes or no in the face of your statement, to this question: 'does the putting of teeth' into it mean the assuming of an obligation to exert moral or physical force, or both?' In one part of your speech you say that this nation will not be made to appear as a weaker because no obligation will be assumed. How do you reconcile this with your program of putting 'teeth' into the Hague tribunal?"

There can be no evasion. It was possible in the Senate for you to escape 1161 quorum and rolls, but you cannot do it either as candidate or as president."

**COX IN CHICAGO.**

By Associated Press Leased Wire  
Chicago, Sept. 4.—Governor Cox arrived here early today en route from Kalamazoo, Mich., where he completed the first day of his western tour yesterday to Milwaukee. The Governor will deliver two addresses in Milwaukee today, one at noon and the second this evening, and return to Chicago tonight for a conference with party leaders tomorrow.

Although only a half dozen speeches were scheduled in his trip through southern Michigan, the Governor yesterday set a record by delivering 16.

**Further Attacks Coming.**  
In his Milwaukee addresses today he will deal with progressive ideas of government as well as continue his discussion of the League of Nations and expand his discussion of the Society of Nations as advocated by former President Roosevelt which he touched upon in some of his Michigan speeches.

Further attacks on Republican campaign contributions are in prospect.

**Little Girl Victim

**Bridge Guard Wins an  
Argument with Driver**

Special Officer George Stainbrook, who is directing traffic over the Galena avenue bridge at the south approach, and Lyman Grimes, truck driver, engaged in a one round combat yesterday afternoon about 3:30, the officer winning his point in the argument. It is said that Grimes had previously driven his team across the bridge at a slow speed and refused to increase his speed when urged to do so by the officer, thereby holding up a long line of traffic.

Yesterday he was ordered to keep off the bridge and is said to have made two attempts to cross, when the argument came to a head. Grimes insisted that he would cross the bridge and he officer was equally insistent that he would not and won his decision. Considerable loud and inappropriate language was voiced by the truck driver, but was not permitted to cross the bridge.

**Scandinavians Fear  
Jones Navigation Act**

Stockholm, Sept. 4.—The premiers of Norway, Denmark and Sweden at a recent meeting in Copenhagen discussed the Jones navigation act and will seek information from the American government as to its effect on Scandinavian shipping.

The premiers agreed on a program of a retaliatory nature should it be discovered that the bill is actually harmful to the commerce of Scandinavia. The press of the three countries express anxiety as to the purpose of the Jones act.

**MAGISTRATE UNMOVED.**

By Associated Press Leased Wire  
New York, Sept. 4.—The prima donna of a uptown burlesque show sang, "Come to My Arms and Kiss Me," to Magistrate Simms in the Harlem court yesterday. Whereupon he, without hesitation, fined 19-year-old Charles Seicher \$3 for climbing over theatre footlights to answer the same call of the same singer last Monday.

Seicher, charged with disorderly conduct following an "explosion of emotion" when he mounted the stage from his first row seat after the song had been sung at him declared he could not resist the appeal.

**CHARGE CROOKEDNESS  
IN PHILADELPHIA-CUB  
GAME; VEECK STIRRED****Rumor Says Cubs Threw  
Game and Gamblers  
Cleaned Up \$50,000.**

By Associated Press Leased Wire  
Chicago, Sept. 4.—President William Veeck of the Chicago National league baseball club, issued a statement this afternoon saying that he was advised last Tuesday afternoon prior to the game with Philadelphia that it was "fixed" for Philadelphia to win.

Mr. Veeck gave out copies of six telegrams received from Detroit, Cleveland and Chicago prior to the game, all reporting that it was "fixed" and that thousands of dollars were being wagered on Philadelphia by Chicago "sharpies."

One of the telegrams named a Chicago player, whose name was withheld by Mr. Veeck for the present.

**Veeck To Sift Charges.**  
Claud Hendrix was slated to pitch Tuesday, if the four first string pitchers had been used in their regular order. Manager Fred Mitchell, however, sent in Grover Cleveland Alexander, and Mr. Veeck said today that Alexander was offered a \$500 bonus if he won the game. Philadelphia won 3 to 0.

Mr. Veeck said he would appoint a committee of three Chicago baseball writers to investigate and would give them money to employ detectives.

"If the charges are proved we will drive the guilty players out of baseball, even though it shatters the Cubs team," Mr. Veeck declared.

**Had Warning.**

Mr. Veeck's statement follows: "The charge that there were 'fixed' players on the Chicago National league baseball team in the game against Philadelphia last Tuesday came as no surprise. I have any regret at their publication at this time it is merely that investigations which were being made might be hampered through their advance publication.

"On last Tuesday, Aug. 31, about 2 o'clock I received the first of several telegrams, the last of which came to hand at 2:45."

After giving the telegrams which were signed according to the statement by W. H. Brown, Bert Tanner, Mitchell Stevens, Tommy Ryan "Friend Harry" a B. Stevens and telling of telephone messages received regarding fixing of the game the statement continues:

**Put Alexander In.**  
"I immediately got in touch with Manager Mitchell. Our unfortunate experience of last year alluding to the Lee Magee affair, made us feel doubly responsible, and, after conference Manager Mitchell and I decided to pitch Alexander, though he had pitched but three days before and it was another 24 hours until his turn should come.

"We know that Alexander is a man above all suspicion, and we felt that with our premier pitcher in the box we were doing all we could, if there were any foundation for the charges, to insure that the dastardly conspiracy, if any such existed, be thwarted.

"I personally sent for Alexander and sketched the situation to him, offering him a bonus of \$500 if he won. I am sure no man ever went in to the box wanting to win more than did Alexander."

Mr. Veeck said he arranged with a detective agency to place two operatives in the park to watch for anything that might be interpreted as suspicious and after the game instructed the detective agency to locate the persons who sent the telegrams and see what evidence they had to support their charges.

**By Associated Press Leased Wire**

Chicago, Sept. 4.—President William Veeck of the Chicago National league baseball team began investigation of charges made here today that the Cubs had deliberately lost last Tuesday's game, which Philadelphia won 3 to 0, and that professional gamblers "cleaned up" in a betting coup as a result.

Mr. Veeck said he had no evidence to either prove or disprove the charges but would make every effort to sift the matter.

**Trouble Last Year.**

"My impression all along was there was less gambling this year than ever before," he said. "I thought that might be attributed to the fact that we went after some fellows pretty hard last year." Lee Magee, of the Cubs; and Hal Chase, of the Giants, were let out for "indifferent ball playing" last year and it was later brought out in a hearing granted Magee that the real cause was the fact that he was suspected of having bet against his own team in a game at Boston. Magee brought suit at Cincinnati for back salary, but lost the case. Veeck recently hired private

**HARDING DESIRES TO  
KEEP ABUSE AND MUD  
FROM HIS CAMPAIGN****"Clamor, Insincerity and  
Abuse" Have No Place  
in Campaign.**

By Associated Press Leased Wire  
Marion, O., Sept. 4.—A determination to guard against "clamor, insincerity and abuse" in his campaign for the presidency was expressed by Senator Harding today in a talk to a Marine band which serenaded his residence during a visit here on recruiting duty. The nominee said he felt it a duty to be tolerant of those who differ with him and not to drag the attention of the people "into the mire."

"I assume to your coming here," said Senator Harding, "is due in large part to the fact that I am a candidate for the Presidency. It is because I feel more deeply about it every day that I want to tell you, American citizens and through you, as many American citizens and through you, as many Americans as possible—my idea of the responsibilities of a candidate for the highest office the people can bestow.

**Is Due To America.**  
"I have said to myself: 'You owe it to the citizens of America to preserve the attitude and the mind of one who serves as well as he can.'"

"As I see it, I must not drag the attention of the American into a mire when it is their wholehearted desire that their attention should be centered upon the problems which we all wish to face bravely and wisely and together."

"As I see it, if I were to stoop to insincerity, to mere clamor, to political expediency, to appeals to special classes, I would be failing in that purpose which I trust shall always be mine; not my own interest; not even the interest of my party first, but America first."

**PREPARING SPEECH.**

By Associated Press Leased Wire  
Marion, O., Sept. 4.—Preparation of his Labor Day speech to be delivered here Monday kept Senator Harding after his breakfast of today, although he saw a few visitors, including Senator Spencer of Missouri and several other Republican leaders of that state. He had appointments to receive iron porch delegations.

**Ellis Island Stirred  
By Marriage Tangle**

By Associated Press Leased Wire  
New York, Sept. 4.—Ellis Island officials are trying to straighten out a peculiar matrimonial quadrangle.

Romolo Georgini and Catherine Mellisari, acknowledged "common law man and wife" and former New Yorkers are seeking to re-enter the country with their three children after living in Italy for the past five years. The man has a legal wife, who left him here and is now living in Italy and the woman has a lawful husband, Henry Bombara, who arrived here today from Chicago.

The woman was confronted by both husbands at the court of inquiry and asked what she wanted done. Sobbing, she begged the court to "take me to my old mother." Bombara expressed willingness to take back his wife and the children by the common law husband, Georgini said he would marry the woman if he could get a divorce from his wife in Italy.

Bombara has appealed to Washington for a final ruling.

**MILAN STRIKERS BAIL.**

By Associated Press Leased Wire  
London, Sept. 4.—The industrial situation in Milan has become grave and no longer has been taken to evade factories occupied by the workers in Turin, according to Rome dispatches to the Exchange Telegraph.

The strikers have placed machine guns on the roofs of several factories in Milan and have organized a workers' militia to resist intervention by government troops, the dispatches say.

**THINK CAR STOLEN.**  
The local authorities were notified this morning of the presence of a party of strange young men who spent the night about three miles north of Woosung in a car which was believed to have been stolen. Deputy Sheriff Robert Phillips is investigating the case.

detectives to watch gamblers at the Cubs' park here and more than 50 arrests resulted.

**Had \$50,000 Up.**  
The basis of the charges made in connection with Tuesday's game is that Detroit, Boston, Cincinnati and Chicago gamblers are said to have placed \$50,000 on Philadelphia, forcing the odds on Tuesday's game from 2 to 1 in the Cubs to 5 to 1 on the Phillies. A few minutes before the game was called Manager Fred Mitchell ordered Alexander to pitch, although it was not his ordinary turn. Mitchell is quoted as explaining that he sent in his star twirler because, "I wanted to win that game badly."

# Today's Market Report

(By Associated Press Leased Wire.)

## Grains Sag Today; Corn and Oats Dull

By Associated Press Leased Wire  
Chicago, Sept. 4.—Selling by cash houses caused a break in wheat at the start today but a quick reaction due to some buying by houses with east-coast connections, carried prices upward. After opening 14c to 2c lower with Dec. 2.39 1/2 to 2.40 and March 2.36 the market soon recovered more of the loss.

Rains in Argentina had a depressing influence on the market, and this coupled with free selling later caused a reaction which carried the market below yesterday's finish. The closing was unsettled with prices to 14c to 2 1/2c lower, with Dec. 2.39 1/2 to 2.39 3/4 and March 2.35 1/2 to 2.35 3/4.

Corn prices held within narrow limits. Some professionals attempted early to advance the deferred deliveries. After starting 1/2c lower to 3/4c higher, with Sept. 1.37 1/2 to 1.38 1/4 and Dec. 1.18 1/2 to 1.19 1/4, a reaction carried all deliveries above yesterday's finish. Oats were dull and followed corn, the Sept. delivery being weak as a result of selling, partly in the way of helping which sent it about 1/4c under the December, the widest discount so far. Initial quotations were unchanged to 1/4c lower, with Sept. 65 1/2c and Dec. 65c.

Provisions started firmer with hogs and reports of a good demand for lard. September corn broke to a new low when there was free selling on the early advances but the deferred deliveries failed to follow suit, showing a stubborn resistance to bear pressure. The close was irregular with prices 1/4c lower to 1c higher, with Sept. 1.36 1/2 to 1.37 1/2 and Dec. 1.13 1/2 to 1.14.

## Weekly Grain Review.

Chicago, Sept. 4.—Export buying on a big scale has put decided strength this week into the wheat market. Compared with a week ago, wheat prices this morning were 4 1/2c to 7 1/2c higher, whereas corn was down 1/2c to 3/4c and oats down 1/2c to 3/4c. In provisions, the net difference for the week ranged from \$2.70 decline to 25 cents advance.

Although at the beginning of the week gossip was current that foreign governments were having some difficulty in financing their purchases of grain, it soon became apparent that any obstacles had been surmounted. Then there were predictions that the southern hemisphere would be unable to ship wheat freely from now on until after December 31, and reports spread that a holding attitude had become general among domestic producers.

Drought reports from Argentina tended further to emphasize bullish sentiment, and so likewise did estimates that the surplus supply in the United States was unexpectedly meagre. Signs yesterday, however, of a stoppage in European demand led to something of a reaction.

In the corn market, larger receipts did much to weaken prices. Oats were depressed by notice of an increased visible supply.

Lard and ribs received support from business with Europe but distress selling caused a severe drop in price.

## Chicago Livestock

By Associated Press Leased Wire  
Chicago, Sept. 4.—Cattle—receipts 1000; compared with week ago choice steers and yearlings, steady to 25c lower, western natives generally 25c to 50c lower; western steady to strong; in-between grades steady to 10c lower; canners steady to 10c lower; stockers and feeders steady to 25c lower. Hogs—Receipts 2000; mostly 15 to 25c higher than yesterday's average; top 16.25; bulk light and butchers 15.35 to 16.10; bulk packing 15.15 to 16.40; pigs steady to 15c higher; bulk desirable kinds 14.50 to 15.00.

## SUB CREW SAVED BY OWN EFFORTS NEW STORY SAYS

Found Stern Out of Water, Bored Hole and Flagged Ship.

By Associated Press Leased Wire  
Philadelphia, Sept. 4.—The United States submarine S-5 went to the bottom of the Atlantic ocean off Cape Henlopen because a large air intake valve failed to close when the "sub" made a practice dive. There were 35 officers and enlisted men on board. This was revealed today in the official report of the accident made by the commander of the destroyer Beaver.

The Beaver standing by the battleship Ohio which today is towing the ill-fated submarine to the Delaware breakwater, cruising along about three miles off the coast.

Booy Story Wrong  
Disclosure is made that it was largely through the efforts of the imprisoned men under the direction of Lieutenant Commander Charles Cooke that they were saved and that it was their own desperate efforts and not a telephone buoy as first reported that attracted attention of the rescuing ships. The crew learned that the stern of their ship was above water. They gouged a small hole through the iron hull.

Flagged Passing Ship  
Through this hole they thrust a pole, a sailor's white undershirt tied to it and wigwagged signals of distress which were seen by the steamship Alanthus the first vessel to pass 27 hours later.

"Consider saving personnel was splendid feat. Slightest mistake after accident on part of officers would have resulted in loss of some or all," said the Beaver report.

Members of the crew of a destroyer which arrived at the Philadelphia navy yard after having been at the scene of the disaster declared the accident was due to negligence on the part of a member of the crew of the S-5. Officers would say nothing, referring interviewers to Washington.

Henry Beaver and John McKenna have returned from a business trip to Northwestern Canada, North Dakota and places in Minnesota.

### BARTH FAMILY REUNION—

The second annual reunion of the Barth family was held on Saturday, August 28th. This year the meeting place was at the beautiful farm of Mr. and Mrs. Solomon Baumgartner, west of Meriden where the folks were made welcome and everyone had just the best time they could wish for.

The dinner was served at noon and the table was laden with good things until it fairly groaned. No set program was prepared but a general good time was had and everyone spent the afternoon in getting better acquainted and telling of incidents of years past which had been impressed upon their minds.

The folks were called together for a short business session and the committee for 1921 was selected. Those who are to serve are Mr. Jacob Thier, Mrs. George Otterbach and Mrs. John Buck.

Those present at this reunion were: Mr. Matthew Barth, who was one of the honored guests on account of his age and genial spirit; his two daughters, Emma and Carolyn, Mrs. O. J. Buettner, Mr. Wm. Barth, Mr. and Mrs. J. D. Barth and family, Mrs. Leroy Otterbach, Mr. and Mrs. George Otterbach and family, Mr. and Mrs. Solomon Baumgartner and family, Mr. and Mrs. J. J. Buck and family, Mr. and Mrs. Amos Buck and family, Mr. and Mrs. Henry Barth and family of Mendota; Mr. and Mrs. Chris Barth and family, Mr. and Mrs. Albert Barth and family and Miss Adelaide Barth, of Paw Paw; Mr. and Mrs. Jacob Ott and family, from Ottawa, Mr. and Mrs. Chris G. Barth and family, of Chicago; Mr. and Mrs. Jacob Thier, Mr. and Mrs. George Thier and family, of West Brooklyn; Mr. and Mrs. Ben Dassow, of Chatsworth, Ill.

### CRAWFORD-HUNTER—

At the home of Mayor and Mrs. R. N. Crawford, at Mendota, Wednesday noon occurred the marriage of their daughter, Miss Mary Louise, to Mr. A. J. Hunter, of Aurora, the Rev. R. T. Gasaway reading the impressive ring service in the presence of only the immediate family. There were no attendants and the entire service was marked with utmost simplicity. After the ceremony, luncheon was served and the bride and groom left on the afternoon train for the east on their wedding trip.

The bride is one of the popular young ladies of Mendota. She is a talented musician and will be greatly missed as her singing was in great demand many times. She has been a member of the Presbyterian choir and was one of the leading members of her circle of friends. Mr. Hunter was a former resident of Dixon. He is one of those exceptional young men, ambitious and respected by his host of friends. He is engaged as an accountant with an office at Aurora. The many friends of Mr. and Mrs. Hunter gave them a rousing reception at the depot besides extending congratulations and best wishes. After a short honeymoon they will be at home at 317 South Lincoln avenue, Aurora, Ill.

Those present from afar at the service were Mr. and Mrs. S. B. Hunter, of Denver, Colo., parents of the groom, and a sister, Mrs. C. E. Robbins and her daughter, Shirley, of McGregor, Iowa.

### FAMILY GATHERING—

There was a family reunion at the home of Erbes Bros. and sisters near Sublette, Sunday. Those present were: Mrs. Katherine Erbes and sons, Philip and George, and also Miss Clara Erbes, Mr. and Mrs. Ed. Erbes, Mrs. Clara Willey and son and daughter, Mr. and Mrs. George Alberts and family, the latter from Ohio; Mr. and Mrs. Wm. Erbest and children, of Dixon; Mr. and Mrs. Ed. Erbes and son and daughter, of Sublette, Mr. and Mrs. Orlando Erbest, Mrs. Lydia Erbest and daughter, Lorena, George Erbes, of Mendota, Mrs. Christine Erbest, of Sublette, Mrs. Katherine Engelhardt from Meriden, Mr. and Mrs. John G. Pohl and Miss Mary Pohl of Mendota, Mr. and Mrs. Emanuel Richert and sons from near Meriden, Mr. and Mrs. Edward Utch, Mr. and Mrs. Adolph Buettner and family, Mr. and Mrs. Fred Truckenbrod and daughter and Mr. and Mrs. Herman Truckenbrod. It was a day which will be long remembered by the many who were present.

### LEE BULTA WEBS

Wednesday evening at 8 o'clock Miss Florence Munroe and Lee Bulta were united in marriage at the residence of the bride's parents, Mr. and Mrs. Wm. Munroe, 1197 West Warren Ave., Detroit, Mich. Rev. Sutherland, uncle of the bride, performed the ceremony. The bride was attended by Miss Emma Jacobs, a school chum and Mr. Arthur Bulta acted as best man.

Following the ceremony a dainty lunch was served by Miss Ethel Monroe, assisted by Miss Dorothy Jacobs. Mr. Bulta is the son of Mr. and Mrs. H. L. Bulta former residents of Dixon. He is a graduate of the Dixon High school in the class of 1917. After his graduation he moved to Detroit where he has since held a responsible position as draughtsman and engineer, specializing on heating, lighting and ventilation. During the war he was in S. A. T. C. University of Michigan at Ann Arbor, Mich.

Mr. and Mrs. Bulta left for a lake trip to Chicago and Elgin where they will spend a couple of weeks.

### JOLLY ROLICKERS DANCE—

On Monday evening the Jolly Rollickers will celebrate their first anniversary at Rosbrook hall. With this dance on Labor Day the opening of the regular semi-monthly program is announced. They will continue as last year with their parties on Friday evening.

### NEIGHBOURLY CLASS PICNIC—

The Neighbourly class of the Methodist church will attend the church picnic on Labor Day at the Assembly Park. Dinner will be served at noon. All members and friends are urged to attend. Bring own dishes, sandwiches and one other generous dish.

### WEEK-END PARTY—

Misses Louise Appleford and Eunice Laing will entertain with a week-end camping party at Myer's Island. The

## HEAR! HEAR! NO MORE H. C. OF HATS!

FRONT AND BACK VIEWS OF THE "LIGHTNIN' HAIR BONNET IN FOUR MOVES," INVENTED BY BEATRICE NICHOLS.

New York.—Here's good news for husbands.

The ladies, bless their hearts, aren't going to wear hats. They have eliminated other articles of apparel and have skimped pretty dangerously on skirts—without walloping old h. c. of l. very hard. But if they really do without hats it ought to help a lot.

Beatrice Nichols, leading woman in

"Lightnin'" at the Gaiety Theater, says hats are going to be passed and backs up her statement by dispatches from Washington telling how Mrs. Woodrow Wilson goes riding without a hat. So Miss Nichols has invented the "Lightnin' Hair Bonnet in Four Moves" which, according to her, "has the objects of simplicity, applicability to feminine features, and particularly

such usefulness as will do away with the wearing of a hat in any weather, indoors or out."

The first move is to part the hair on the side; second, arrange a soft bouffant on top; third, divide hair in two strands in middle of back; fourth, cross strands and bring around head and fasten in back. If necessary, secure all by net, and arrange dips to frame eyes and ears.

### W. R. C. PICNIC—

The W. R. C. picnic held yesterday at the Mrs. Watts cottage at the Assembly Park was a decided success. A large representative of veterans and members of the Corps was present. A sumptuous dinner was served at noon after which each comrade very graciously responded with words of appreciation to the Corps members for the pleasant occasion. Corps members also responded, some with humorous readings, recitation or word of some kind.

Before departing the company voted Mrs. Watts and her daughter, Mrs. Bunnell royal entertainers.

### PRESBYTERIAN PICNIC—

The Presbyterian church and Sunday school enjoyed to a high degree their annual picnic at Lowell Park last Thursday. An unusual number sat together for the supper and the children as well as some of the older folks amused themselves with the play ground apparatus. Credit is deserving to the Superintendent and the committee for their efficient management.

### HOUSE PARTY—

Mr. and Mrs. Michael Garmon entertained with a house party last evening at their home near Elgin. About thirty couple, consisting of neighbors and friends from Dixon, Sterling and Amboy were present. The evening was spent in dancing, games and social time. The house was prettily decorated with yellow and red streamers and jack o lanterns.

### PSEUDO KINCAID INDICTED.

Chicago, Sept. 4.—Theodore Schudde, a German, was indicted today by a federal grand jury charged with defrauding the government by collecting \$1,680 in back pay while using the name of Lieutenant Arthur Kincaid.

Schudde, who says he obtained Kincaid's papers in Germany after the armistice was signed, was returned to this country and discharged at Fort Sheridan, where he collected pay due the American officer.

He was arrested at San Francisco. Schudde, who claims to be a German officer, enlisted in the army as a private following his discharge here. He was arrested at the Presidial in San Francisco, when a photograph of himself in a German uniform was found among his effects. The grand jury took no action on other charges growing out of Schudde's action in posing as an American officer.

## CHAMPION DEMPSEY-CHALLENGER MISKE READY FOR BATTLE

### Benton Harbor is Already Full of Fans to See Labor Day Bout.

By Associated Press Leased Wire  
Benton Harbor, Mich., Sept. 4.—Official announcement of the referee of the 10-round bout here Monday afternoon between Jack Dempsey, world's heavyweight champion, and Billy Miske, the challenger, was expected today with the scheduled arrival of Jack Reddy, Miske's manager.

Indications seemed favorable to the selection of Jim Daugherty, of Philadelphia, a personal friend of Dempsey and his manager, Jack Kearns, but official announcement was withheld pending the arrival of Reddy from Cleveland. Reddy indicated there last night that he might oppose this selection.

Training Finished.  
Although Dempsey and Miske finished their hard training yesterday they will continue to work in public this afternoon and tomorrow to satisfy the big crowds that have jammed the training camps. Dempsey planned a long walk this morning, but will do no real running or jogging. If he goes into the ring late this afternoon, it will be merely to take exercise of the lightest sort and to box a couple of rounds.

Miske said he would not tramp over the sand laden roads because the heavy going might dull his speed.

Town Filling Up.  
The Ruddy checked challenger is winding up his training supremely confident that he will hold the championship even. The Twin resort cities of Benton Harbor and St. Joseph are rapidly filling with fight fans. Ring-side celebrities are dropping off every train. The demand for rooms already has exceeded the supply at the various hotels and boarding houses and these places are quartering three and four persons in a room. So full is Benton Harbor that it is becoming a problem to find room in the restaurants.

There has been a slight advance in the prices but Mayor Rosback has issued a warning to restaurant keepers not to profiteer.

In India, chaplains are maintained to minister to British subjects as in the army and navy.

## Acquintania Lowers Trans-Ocean Record

By Associated Press Leased Wire  
Cherbourg, France, Sept. 3.—The Cunard liner Acquintania, which left New York on Aug. 28, arrived at 3 o'clock this afternoon, making the voyage in five days, seventeen hours and twenty-seven minutes. This is one hour and twenty-seven minutes short of the record for the eastern trip from New York to this port, which is five days, and sixteen hours, made by the Kaiser Wilhelm Der Grosse in January, 1900.

The White Star liner Olympic, which left New York at the same time is not expected to arrive before tomorrow forenoon. Despite official denials from the Cunard and White Star companies, passengers on the two ships considered the voyage of the two vessels a race, and it is said heavy wagers were laid. Prince Carol of Rumania, was one of those who backed the Acquintania.

## Korean Women Send America Their Plea

By Associated Press Leased Wire  
Honolulu, Sept. 3.—The Korean National Association of Honolulu has received copies of the documents presented by the Koreans to the American congressmen touring the Far East. The plea of Korean women to America said in part:

"Day and night we will scheme to regain our lost land. In the minds of our children we will instill hatred for the Japanese. We ourselves will offer everything for liberty and independence. We would rather die and be free spirits of Korea than live and be subjects of the Mikado."

The writing denounced as Japanese propaganda the report of a Korean plot to bomb or kidnap the congressmen in order to create friction between Japan and the United States.

ELEVATOR ETIQUET

A woman in an Ohio city has asked  
the newspapers to help her find the  
young man who took off his hat when  
she entered the elevator of an office  
building.

He was one of nine men in the eleva-  
tor. The others kept their hats on,  
shamelessly refusing to follow the  
courtly example he set.

She wants his name and address  
published too the world, thinking thus  
to confer upon him such honor and  
glory that others of his sex will there-  
after seek to emulate him when they  
ride on elevators in which women also  
are passengers.

Men have observed a mixed etiquet  
as to elevators. All hats come off in  
deference and devotion when a woman  
enters an elevator in a hotel. But  
when a man takes his hat off to a  
woman in an office building elevator,  
all other men present regard him as  
one who is attempting to show off at  
their expense.

Is there any man who can explain  
wherein lies the social difference be-  
tween a woman in a hotel elevator  
and the same woman in the elevator  
of an office building?

However, an old-fashioned beef  
years ago disposed of all such ques-  
tions of etiquet with this general ob-  
servation: "A gentleman instinctively  
always does the respectful thing in  
the presence of women. He never  
questions."

Babe Ruth has given away a score  
of hats to be auctioned for various be-  
nevolences, but better life he hasn't  
given away the bludgeon he really  
uses for these homers.

THE CLEAN MOUTH.

The value of a clean and healthy  
mouth cannot be too strongly stress-  
ed in any article dealing with the pub-  
lic health.

Disease germs usually get into the  
body through a break in the skin, or  
through the mucous membrane of the  
natural cavities, the nose and mouth,  
or through the alimentary tract. The  
healthy skin is proof against germs,  
except when it is punctured by the  
bite of an insect, or by some instru-  
ment. The mouth and nose, however,  
not only offer ready access to disease  
germs, but make an ideal incubator  
for their propagation, since there is  
the proper heat, and the mucus and  
saliva together with tiny food particles  
about the teeth form an excellent cul-  
ture medium.

The mouth and nose, furthermore,  
afford an effective shelter for masses  
of bacteria. Defective teeth, the ton-  
sils and the furry coating of the ton-  
gue all have numerous little holes and  
ridges that are a protection against  
the ordinary cleansing methods, that  
is against the casual brushing of the  
teeth.

One should use a good mouthwash  
regularly. Limestone is excellent for  
this purpose since it dissolves the mu-  
cus, especially that which accumulates  
on the teeth.

All cavities in the teeth should re-  
ceive the prompt attention of the den-  
tist. Any diseased condition of the  
tonsils or adenoids should be submit-  
ted to the nose and throat specialist.  
The whole system frequently may be  
affected by poisons thrown off from  
the masses of disease germs lodged in  
a decaying tooth, in a diseased tonsil,  
or in some adenoid growth in the  
vault of the pharynx.

BRINGING UP FATHER.

Q.—About two years ago I lost my  
sense of smell. Can you tell me the  
possible cause of this? What would  
be the method of curing it?

A.—It is not possible to say definite-  
ly what may have caused the loss of  
your sense of smell. One of the com-  
monest causes is a chronic nasal ca-  
tarrh; especially that form known as

atrophic rhinitis. In this form, there  
is practically no trouble in breathing,  
so that a marked destruction and  
atrophy of the nasal mucous mem-  
brane may occur without the patient  
being aware of any trouble. Be sure  
to consult a good nose and throat  
specialist, and have him make a thor-  
ough examination.

ADVENTURES  
OF THE TWINS  
by Olive Roberts Barton

MR. SCRIBBLE SCRATCH.

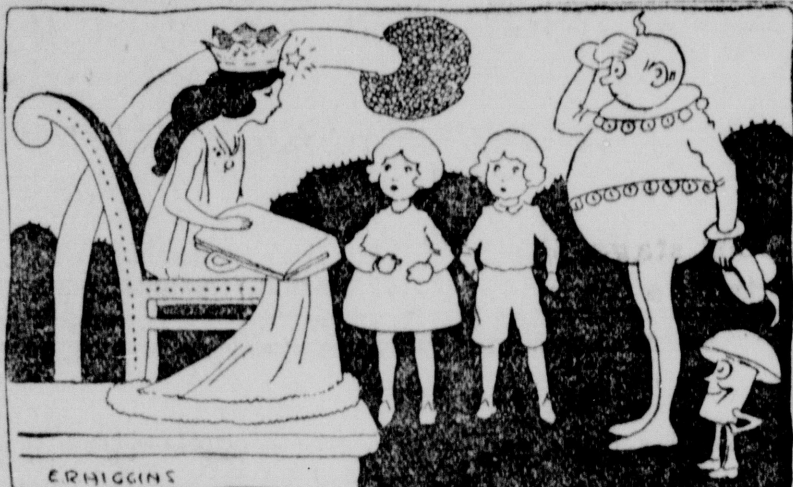

The Fairy Queen thanked Tingaling  
and the twins for the rent money,  
very sweetly, then a worried little  
frown appeared upon her face. "Here's  
the money for everything," said she,  
pointing to the big pocket-book they  
had laid in her lap, "but where am I  
to get people to do things? It's time  
for the Meadow-Grove School to start,  
and my chief fairy schoolmaster,  
Scribble Scratch, can't find a soul to  
help him. He can't teach the sums,  
be the janitor, attendance officer,

Nancy looked at Nick, and Nick  
looked at Nancy, and their good friend  
the Magical Mushroom, looked at both  
of them.

"Go on!" whispered the Mushroom  
encouragingly. "Why don't you ask  
her?"

"Please," said Nick then, timidly.  
"May we help Mr. Scribble Scratch?  
I can look up the truants because I've  
got my Green Shoes to take me  
around."

"And I," put in Nancy eagerly,  
"can dust, and shine the windows, and

"PLEASE," SAID NICK TIMIDLY, "MAY WE HELP MR. SCRIBBLE  
SCRATCH?"

singing teacher, and everything else,  
all at once. Rudabub is tired out  
from his duties in Scrub-Up-Land,  
and here's Tingaling puffing like an  
engine pulling 40 coal cars, so I know  
he can't help. Fat people can't teach  
school anyhow, so anyway, Did you  
ever see a fat schoolmaster or school-  
ma'am? No, indeed! Besides, fat peo-  
ple are so jolly they'd have the chil-  
dren playing 'riddles' and 'hid-y-go' in-  
stead of doing their 'times tables' and  
'divided by's.'"

help with the singing."  
"And I," spoke up the Magical  
Mushroom quickly, "can teach them  
any language at all from Hottentot to  
Chinese."  
"Tut," put in a new voice just then.  
"All we want is chipmunk chatter and  
groundhog grunting. And nothing  
harder than X. Y. Z's."  
Everybody turned and beheld Mr.  
Scribble Scratch, the fairy schoolmas-  
ter.

THE BOOK OF ANN.

I Begin to Take "Mr. Jacob Smart" in  
Hand—to My Dismay.

My pet horse, Baintree, was at the  
door, with Brooks in cheerful atten-  
dance.

"Lead the way!" I ordered. "Find  
Mrs. Jim Lorimer—and set a fast  
pace, please."

Brooks likes a fast pace. He knows  
that I ride well, although it has been  
his painful duty to revise my western  
system. I knew that Baintree would  
follow Brooks' horse without a signal  
from me, and so I let my mind go and  
it revolved futilely about the problem  
of my bothersome little new sister in  
law.

Not for a moment did I suspect that  
Ann would step beyond the boundary  
of flirtation, nevertheless, she could  
stay well inside and still give a watch-  
ful gossiping community a grand  
shock! Unless I interfered.

Brooks interrupted my meditation  
by wheeling his horse suddenly and  
riding back to me.

"Mrs. Lorimer, I see our horse," he  
said. "I think young Mrs. Lorimer  
has dismounted—and the gentle-  
man, too. They must be just beyond  
that turn!"

"Thank you, Brooks! Wait here!"  
I rode forward slowly. I passed the  
two horses rubbing noses in the thin  
shade of the spring foliage. I saw Mr.  
Jacob Smart holding down the  
branches of a wild crab-apple tree and  
bending close to Mrs. Jim Lorimer as  
she pointed out the special clusters of  
pink buds which she wished him to  
out. So absorbed were they that they  
did not notice me until Baintree's nose  
almost touched their shoulders.

I greeted them as if I had come on  
an agreeable errand.

"Ann!" I exclaimed. "The mail  
from Jim you've been waiting for has  
come at last. There's a pile of letters  
for you. Hurry home. Brooks will  
take you. You can ride fast! I'll ride  
with—with—" For the life of me, I  
couldn't call the creator of back-  
grounds for beauty by either of his  
names.

Ann was to astonished to object. Off  
she rode with Brooks and I chattered  
as cheerfully as an idiot to Mr. Jacob  
Smart.

That gentleman was no longer flus-  
tered. He rose to the occasion and  
adapted himself to a difficult situation  
as if he had practiced the part. In  
five minutes he was ready to flatter  
me as he had been to flatter Ann.

I reined Baintree to his slowest  
step. I proposed to have just one good  
talk with Mr. Jacob Smart, son of an  
Arkansas sausage maker, and to hand  
him a few truths, even if I couldn't  
have the satisfaction of addressing  
him by his own name.

I must take care not to frighten him  
—daddy had requested that. So I smil-  
ed a silly, despicable, actress kind of a  
grin. It pleased the man, never-  
theless. It pleased him also to ignore  
the late unpleasantness in Ann's  
house.

Mr. Jacob Smart plunged at once  
into his theory of "character and col-  
or." He knew exactly what shades  
would harmonize with my "aura,"  
what colors would lead me along  
paths of perpetual happiness and  
peace.

Did I guess, he asked, of what spir-  
itual delacy were the tints required  
to make the correct background for  
my soul?

For some time the fiddle path had  
run parallel with the boulevard, a  
lovely scented road, but hilly and not  
much used by autoists.

At one of the most secluded spots  
Jacob Smart asked:

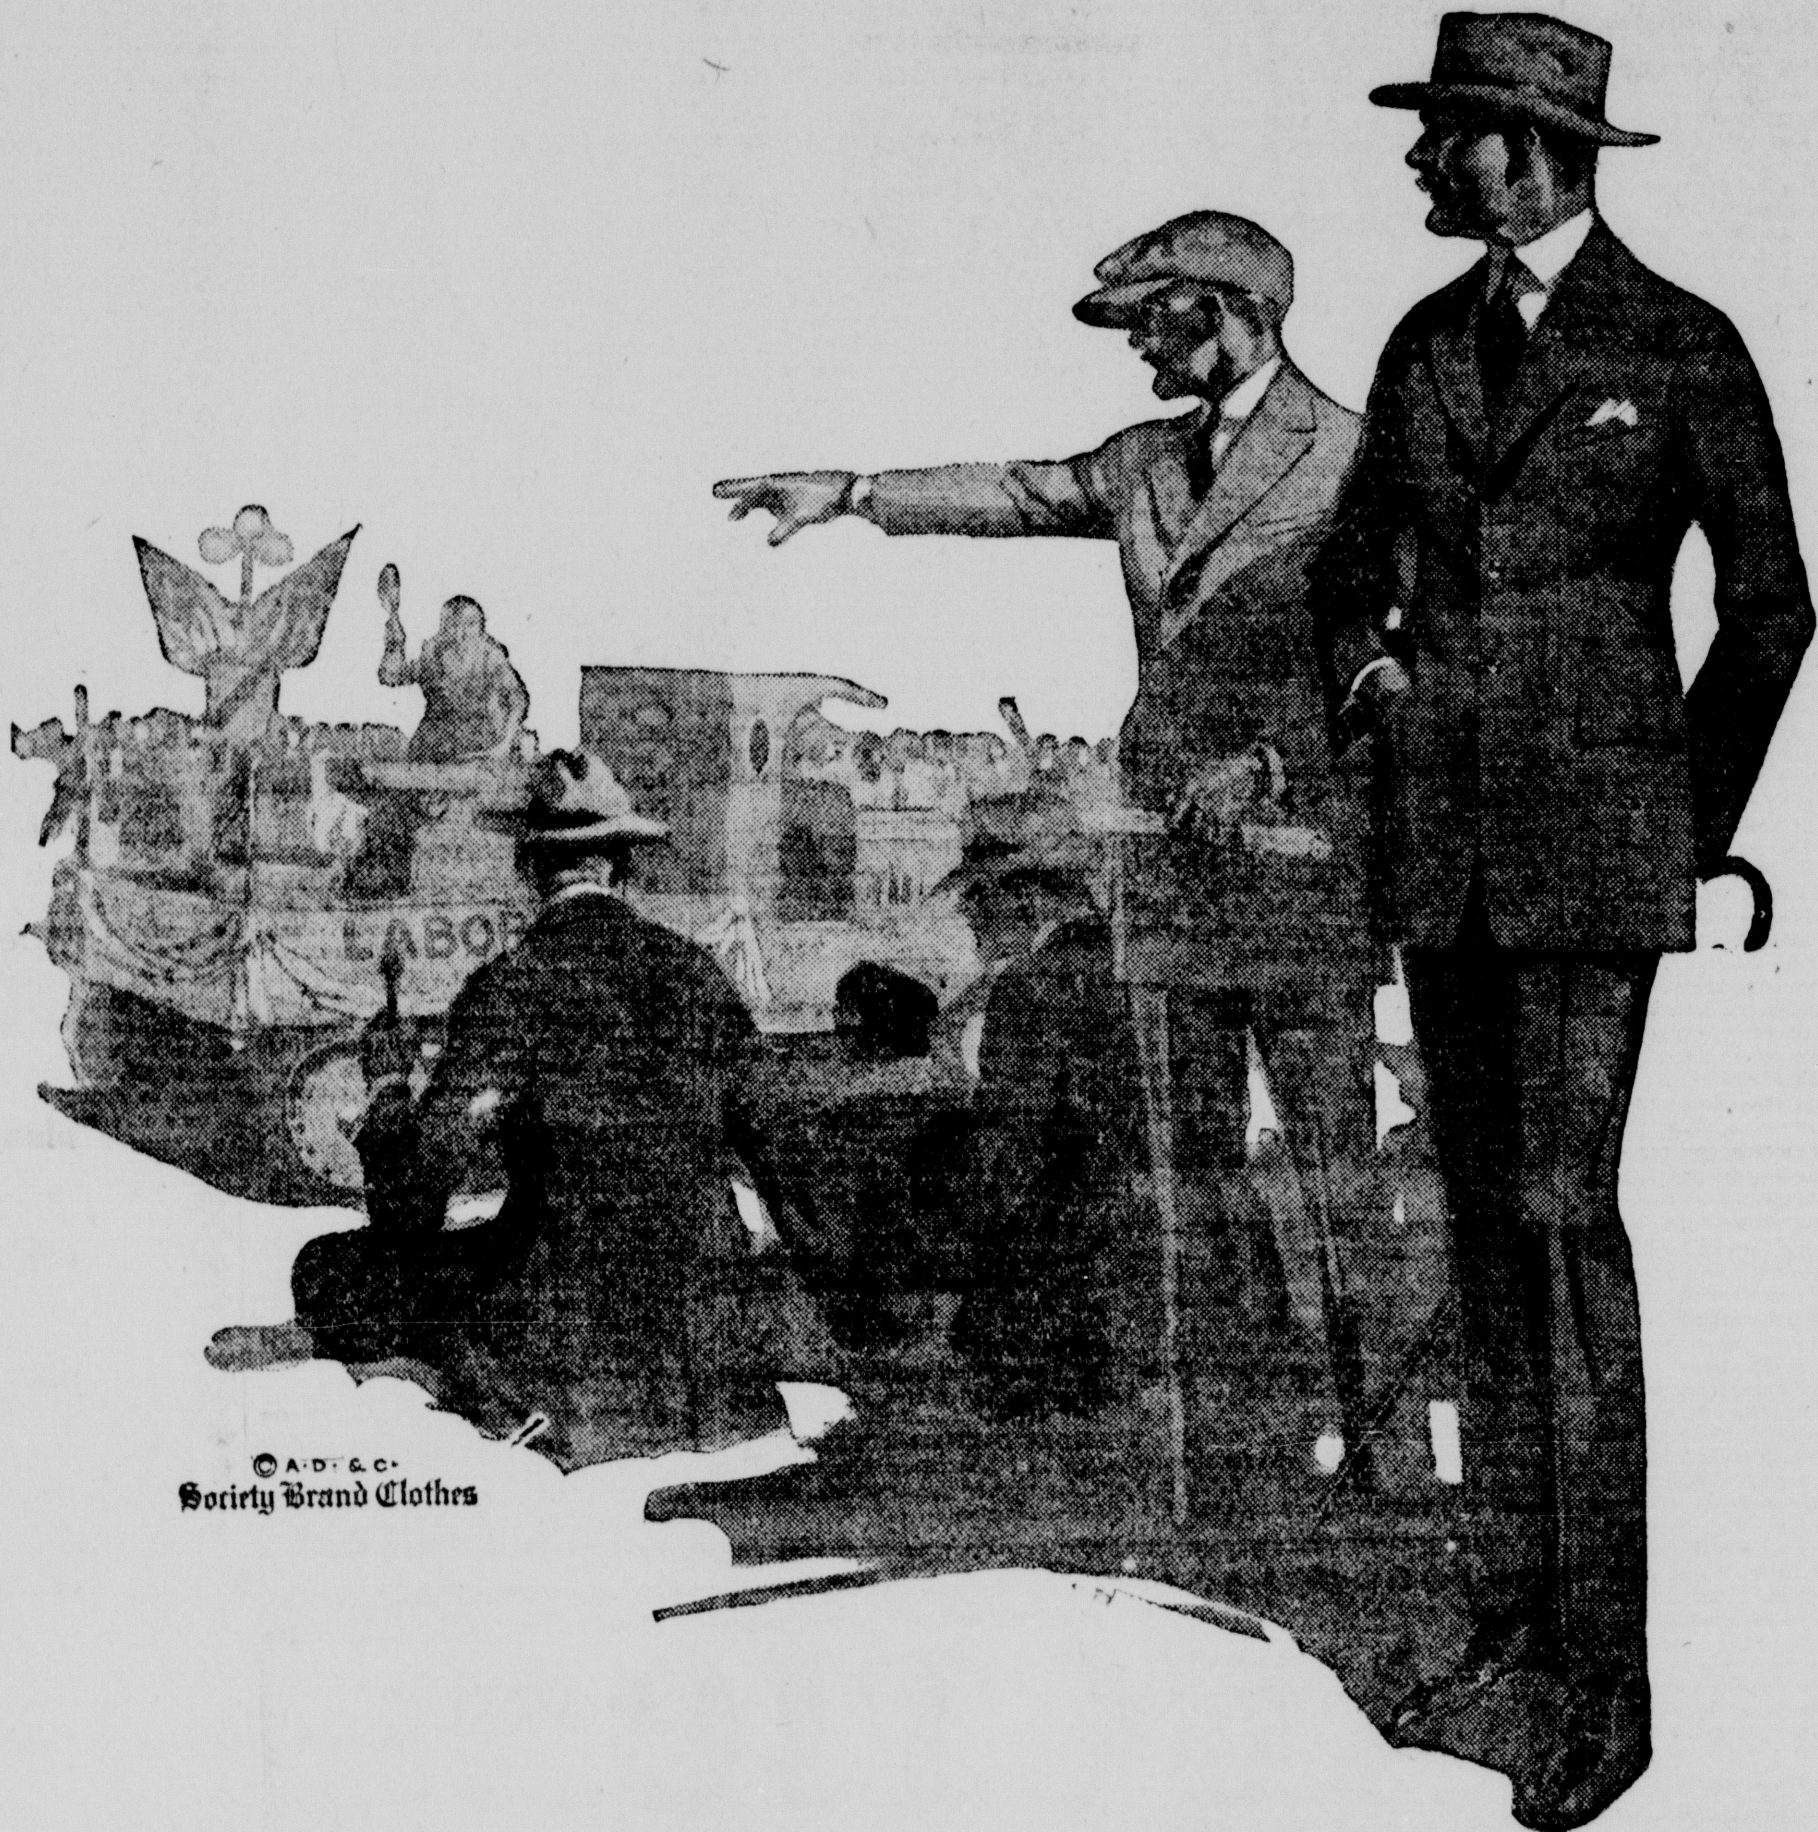

"What is the color of your eyes Mrs.  
Seeking the reply to his question, he  
leaned toward me.

Involuntarily, without thought, be-  
ing rather startled at the man's rude-  
ness, but with my accustomed fear-  
lessness and frankness, I looked  
squarely, defiantly into his face.

Then the abrupt snort of an auto  
horn startled us. Our horses shied  
apart. Baintree wheeled and reared,  
but even as I brought him down, I  
caught a glimpse of my husband in his  
new car, so close that I could have  
touched him with my crop.

Apparently he had been testing the  
car on the hills, and, seeing me, he  
had come to a stop.

I don't know which of us was the  
paler. Neither of us could speak. Fin-  
ally Bob raised his hat gravely, and  
then sent his car forward in a sudden  
reckless leap.

Labor Creates  
Good Clothes

Monday is Labor Day. It is a day when nearly every state in the Union  
ceases its business to pay tribute to labor.

Labor creates and brings into our lives much that we need and cherish. It  
is civilization itself.

A fine example of Labor's creative power is seen in the making of Society  
Brand Clothes.

Society Brand Clothes are different from other all-wool clothes.

When they are being converted from the fabric into the finished suit they  
undergo processes that call for the highest type of ability and skill. The  
result of this labor is shown in the superior style and perfect finish of So-  
ciety Brand Clothes.

We are glad of the opportunity to wish Labor the continued prosperity it  
merits.

## LEE CO. MEN ON HONORED LIST IN LEGION MEETING

The delegates from Dixon post of the American Legion returned home last evening from Chicago where they attended the annual convention of the state organization. Commander Sherwood Dixon of this city was honored in being elected one of the state delegates to the national convention to be held at Cleveland, O., late in the month and Arthur Crawford of Franklin Grove was selected as an alternate.

The delegates from Dixon were Commander Sherwood Dixon, Jason Miller, Norman Sterling and Robert Warner. Alternates Urban O'Malley and Edward Root were also in attendance. In all there were 905 veterans of the World War gathered together and some very important business sessions occupied their time. Decatur was selected as the city for the convention next year although a strong delegation from Rock Island was present bidding for the honor. The Dixon delegation favored Rock Island for the meeting place next year.

## Says Richard Barr is a Thompsonite

State Senator Richard J. Barr and his brother, George Barr, held a long conference in the Great Northern hotel in Chicago, Tuesday, July 13. At that conference Fred Lundin, Mayor Thompson's manager, is said to have urged Barr to become a candidate for attorney general, and to have assured him of 75,000 plurality in Chicago, as well as financial help.

Senator Barr promised to give his decision later. He returned to Joliet, used the telephone, called up friends in different counties, and finally made his announcement in the Joliet paper. The announcement states that he is not a factional candidate. Reference should be made to the fact that his candidacy is undoubtedly the result of the interview with Mr. Lundin and that he is on "Big Bill's" slate.

He may get the plurality in Chicago—if he gets any it can be expressed by leaving all of the ciphers off the figures Mr. Lundin guaranteed to give him. Four years ago Thompson, Ettelson and the Deneen forces were all against Brundage. He beat the combined crowd in Chicago and obtained 52,000 plurality over Barr.

This year the Deneen forces are with Brundage, and it is very unlikely that his plurality of 52,000 votes of four years ago can be changed to 75,000 votes against him, in view of his excellent record as attorney general of Illinois for four years, with such big achievements as the victory over the railroads—the restoration of the two-cent fare in Illinois, and the compulsory refund of three millions of dollars by the railroad companies to the traveling public; the prosecution and conviction of the East St. Louis rioters, and the restoration of law and order in that community; his vigorous action against brothels and disorderly places; and the general enforcement of law.—Editorial, Danville Commercial-News.

"Comrades of the Legion" Dedicated to the men of the American Legion. A ringing and powerful Sousa march that carries you right along with it.

## THE WORLD TAKES OFF ITS HAT TO LABOR

Cartoon

BY R. W. SATTERFIELD

Special Article

BY DR. JAMES I. VANCE

The world today takes off its hat to labor. There was a time when it was not inclined to be so polite; but the day for looking down on labor has left the almanac forever.

Time was when the tools of common toll were a badge of inferiority. The gentry's coat-of-arms was not for the men who sweat and work. Things have changed. Labor is in the saddle.

There needs be no regret that the old order has given place to new and that not arms but tools have become the equipment of straight manhood.

No longer is one classified as an underling because he wears overalls and is smeared with the grime of toil.

The enfranchisement of labor marks the emancipation of common life. It means that ordinary people are folks, too, and that the perquisites of special privilege are doomed.

The world moves toward democracy. The tides are all one way. It is the era of our common humanity.

Let labor be careful not to commit the wrongs from which it has suffered. Let it be concerned lest it seek to become another privileged class.

The world no more wants an aristocracy of labor than of arms. It has not destroyed a military des-

potism to set up the despotism of a trades union.

The only foe labor needs to fear is Labor.

Anything that lives only for itself is doomed. Labor must play the game fair and work for more than wages.

It must insist that every man have a square deal, whether he be wage-earner or capitalist. It must not make the workman the victim of his own organization, nor seek to exploit society and control government for its own selfish advantage.

The hopeful thing about the enfranchisement of labor is that it places the emphasis on what God puts first. He not only "lives with the men who work," but he has tied the finest things in life to a labor program.

It is idleness that breeds evil; it is industry that develops character.

Let us not only respect labor, but let us labor to deserve respect. Let us have so clear a demonstration of the fact that the man in overalls is a man for a' that, that society will never care to return to an age of softness and sham.

It was not an incident that Jesus was a carpenter. He toiled at the bench to show that God is friendly to labor. Let labor suffer none to doubt its friendship for God.

Keenly appreciative of the genuine interest manifested in and patronage accorded to such attractions as those which Mr. Ralph Dunbar, the eminent American producer has sent on tour, the management announces a continuation of financial co-operation with Mr. Dunbar under a liberal guaranty for the presentation here of his music-dramas and operatic spectacles. The assumption of such a guaranty is due to the confident assurance that local lovers of the great music-dramas will continue to accord these remarkable presentations the hearty welcome they so well merit.

Accordingly we have the honor to offer Ralph Dunbar's magnificent Americanized production of Bizet's wonderful grand opera.

## "CARMEN"

with the only elaborate company ever organized for presenting "Carmen" alone.

Four gorgeous stage pictures, Urbanic reproductions of the vistas of Seville and Grenada of a century ago, the most costly and elaborate scenic equipment ever presented on tour, and illuminated with startling beauty and brilliance.

A grand orchestra including sixteen soloists from great American symphony orchestras.

A military band on the stage in the stirring climatic pageant in the last act.

An ensemble of American young ladies and gentlemen who sing and maintain the artistic standards Mr. Dunbar has long maintained.

The following corps of American operatic stars, who interpret the opera understandingly (in English, of course):

Don Jose	Joseph Callini
(Lieutenant of Dragoons)	or James Arnold
Escamillo	James Stevens
(Toreador)	
Zuniga	Lester Spring
(Captain of Dragoons)	
Morales	Norman Wallace
(Officer)	
Lilas Pastia	Thomas Drew
(Inn-Keeper)	
Carmen	Lorna Doone Jackson
(A Gypsy Girl)	
Micaela	Marian Miller
(A Village Maiden)	
Frasquita	Clara Neilson
Mercedes	Adele Folsom
(Companions of Carmen)	
El Dancairo	George Shields
El Remendado	Sol Solomon

## The Last Word in Music Drama

With a production of such proportions as "Carmen" every seat in the theater is a good one, and patrons are assured of one of the finest events they have ever enjoyed and at a price less than one-half that exacted in New York or Chicago for "Carmen."

Kindly note that seats may be secured now in advance of the regular sale, by subscription as will be explained on application.

Prices from \$3.00 to \$1.50.

# BOUNDARY LINES ARE PUBLIC SCHOOLS ARE NAMED BY OFFICIALS

## Announcement Shows Students Where They Should Attend School.

The Dixon school authorities have issued a statement defining the boundary lines of the various school districts in the city, showing where the children of the different part of Dixon should attend school this year, commencing Tuesday. The boundary lines are as follows:

### Boundary Lines, 1920-1921.

South Side Elementary schools.

**First Grade.**  
All first grade pupils living east of the Illinois Central tracks shall attend Central school.

The boundary lines for the first grade at the Woodworth school shall be Fourth street and Van Buren avenue. This includes pupils living south of the middle of Fourth street and east of the middle of Van Buren avenue.

**Second Grade.**  
All second grade pupils living east of the Illinois Central tracks shall attend Central school.

The boundary lines for the second grade at the Woodworth and Truman schools shall be the same as for the first grades.

**Third Grade.**  
All third grade pupils living east of the Illinois Central tracks shall attend the E. C. Smith school.

There is no third grade in the Central school.

All third grade pupils living west of the Illinois Central tracks shall attend the Woodworth school.

**Fourth Grade.**  
All fourth grade pupils east of the middle of Peoria and north of the middle of Seventh street shall attend the Central school.

All fourth grade pupils west of the middle of Peoria and south of the middle of Seventh street shall attend the E. C. Smith school.

**5th, 6th, 7th and 8th Grades.**  
For the fifth, sixth, seventh and eighth grades the Illinois Central tracks shall be the division line. Children in these grades east of the tracks shall attend the Central school. Those west of the tracks attend the E. C. Smith school.

**North Side Elementary Schools.**  
The Illinois Central tracks up to the north line of Swisville shall be the dividing line. Children east of the tracks and north of the Swisville line shall attend the Central school. All others attend the Loveland school.

These boundary lines in all cases are to be considered as temporary and may be moved to secure equal numbers in the various grades.

**High Schools.**  
The river is the boundary line for the high schools except for those students who have attended high school on the other side from which they now live and who want to continue in the same school.

Tuition students will be assigned to one or the other high schools by the superintendent.

# IRREGULARITY FEATURED IN FALL MODES

BY CORA MOORE

New York's Fashion Authority

NEW YORK—When we think back to the long, straight, simple lines that used to do duty as separate wraps, today's models seem things of amazing joy and beauty and grace, as indeed they are.

The model illustrated is of soft blue bolivia, embroidered down the front with blue worsted, then given an additional fine touch in the hands of beaver that outline the neck and the long, close, tight-wristed sleeves.

Note the irregularities of this coat—the fur about the neck, edging the collar on one side, hugging the neck on the other, and the skirt of the coat that falls well below the dress skirt in back, as if its maker had carelessly neglected to make it even.

These careless effects are not mistakes. On the contrary, they are important features of the new fall models.

**SAVE AWAY!**

BY LEE HINGSTON.

I caught the tramp of marching feet, I heard the trombone's vibrant blast, the loud, insistent drum. I asked, "Why does the welkin ring?" One said, "Today the toiler's king, the hosts of labor come." Because my quaint, ingenious way is patterned after yesterday, I cried, "The noble

## TIRES LAST LONGER WITH PROPER CARE

The life of your tires depends on the care you take of them. Give as much attention to them as you do to your engine, and the result will be less tire trouble, more mileage and greater comfort.

The chief cause for tire deterioration is lack of proper protection from sun and grease and grit. Against the action of the sun, a coating of liquid rubber will be found effective. Stir five pounds of whitening in a gallon of gasoline and add a quart of rubber cement. Apply this both inside and outside the tire.

If there are any cuts and bruises in the tread, it would be best to fill them in with putty or rubber cement and then apply the liquid rubber and whitening. Of all tire painting compounds on the market, this seems to be the best.

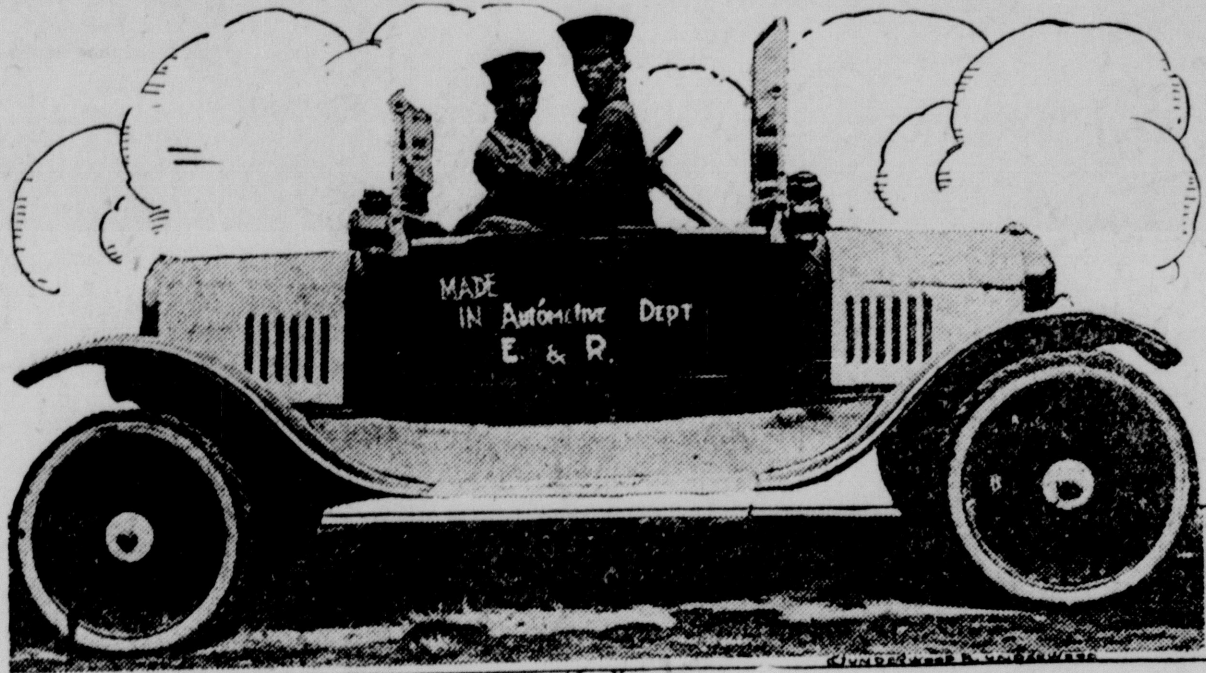

Once a month, the wheels should be tested to see if they are in alignment. Being out of alignment causes a wobbling motion of the wheels, with the result that the tires are worn down fast by the side to side movement.

Another pointer in tire conservation is the care of the side walls. Hitting a rock head-on is not as harmful to the tire as giving the side wall a glancing blow. It is therefore advisable, if the driver cannot avoid a rut or obstruction to take the blow on the tread rather than on the side.

Bumping over rough ground and carelessness in not avoiding ruts cause the rim edges to get out of shape. At the same time, they cut into the weakest part of the tires, where the rubber covering is there merely to protect the fabric from the destructive action of the elements and not from any blows and jolts. The result may be a blowout, at some point along the rim.

Just as you change your own shoes regularly, instead of wearing one pair until it gives out, you should change your tires at regular intervals. The spare is not merely for emergency.

# MOTOR NOTES WHICH WAY IS HENRY GOING?

CHICAGO—The Siamese Twins, in automobiles, appeared in this form at the military circus of the First Division here. It has two separate power plants, can be driven in either direction and is exactly alike at both ends. It never reverses.

With proper care there would be fewer emergency calls and, under such conditions, the spare should take the place of the overworked tire. It means longer life for all tires.

## Water Harms Bearings

Many cases of failure of wheel bearings have been found to be due to cleaning that part of the car with a strong pressure of water. Water, or corrosive substances in greases or oils etch the finely finished surfaces of balls and races on which the capacity and frictionless qualities of ball bearings are dependent.

When the American Expeditionary Forces left France, 70,000 automobiles

## PAY-AS-YOU-ENTER CAR IS MOTORIZED

The standard pay-enter trolley car can now be found in motorized form. It's a product of the Good-year Tire & Rubber Company, which built the vehicle to carry passengers during a street car strike in Akron. It has a four-wheel drive and a single truck in front, although it can also be operated with double truck in front as in back. It is 31 feet long and seats 44 passengers, while it can accommodate as many as 80 people.

remained in that country. The minister of finance, Paris, reports that 52,000 of these automobiles have been sold. It is expected, according to the same authority, that the rest will be disposed of by the end of the year.

## Clears Windshield

To keep the windshield clear in rainy weather, rub strong soapsuds from automobile soap over the glass and let the suds dry. This prevents formation of the drops that hinder clear vision in rain or mist.

## Keep Mufflers Clean

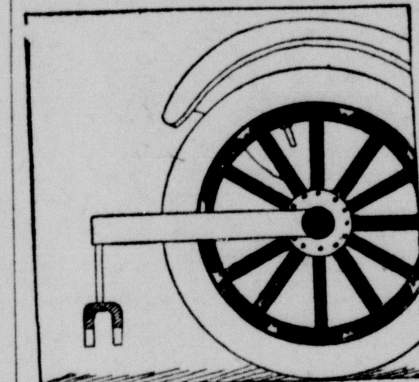

When your engine has been overhauled until it's just like new, and

## HOW WILL THIS DO?

To Prevent Punctures From Nails  
The pleasures of motoring have been knocked in the head many a time when you found yourself riding on a flat tire due to tacks picked up along the road. Why tolerate this inconvenience when there is a way to prevent it?

Here it is—as simple as the diagram. Just a magnet dangling by a rod from the front end of a fork which is attached to each side of the wheel at the hub. Each wheel has the equipment. It moves with the wheel, always in front and always on the job.

To make the magnet still more effective, wrap some electric wire

around it and attach the ends to the ignition system. While the machine is moving that magnet is electrified. Of course, glass, brass tacks, tin, and other non-magnetic but dangerous substances should not be in the way of the wheels. And the dust and mud that may accumulate on the magnets should be kept off. And you should not ride over two miles an hour or the magnet will be liable to slip by the tacks without picking them up.

However, here's the suggestion. Take it or leave it.

still your car has that sluggish drag up hill, take down the muffler and clean it out.

## SEEK PHONE AUDITOR.

By Associated Press Leased Wire  
Chicago, Sept. 4.—Police today were asked to search for Walter J. Ernst, 27, an auditor of the Chicago Telephone Co., who disappeared two weeks ago last Wednesday at Elgin where he had gone to audit the books of the telephone company.

H. W. French, chief investigator of the company said Ernst's books were in good shape.

## BOY SCOUTS COME HOME.

By Associated Press Leased Wire  
New York, Sept. 4.—The 319 Boy Scouts of America, returning from a tour of the battle fields of France as guests of the French government, are due to arrive here today on board the army transport Princess Matoika. Extensive plans for their entertainment while in New York have been made by National Boy Scout headquarters here.

The Ukraine's sugar production this year is estimated at from 240,000 to 320,000 tons, about one-tenth of its pre-war production.

## Puck is Life

Hiram Rubie has ceased to exist.

Not so long ago Rubie, and his cousin, Si Hayseed, were as numerous as flies gathered round the bung-hole of a molasses barrel.

But no longer.

Rubie and Hayseed departed, went away, vanished, crawled into an excavation and buried themselves.

Once there was the merry day when city slickers put things across on the rural population. Then it was that one could sell the city hall, or the park, or a skyscraper to a visiting Rubie, and could unload the new railway station on Hayseed.

It and Si were in the market for lightning rods, and smart city folks got a bushel of fun kidding 'em.

But no more.

Si and Hy now get measured for their clothes, and shave every morning before going out into the field to give the tractor a bit of exercise.

Hy used to have a weakness for

# Burnett M. Chipperfield Republican Candidate for United States Senator

**BURNETT M. CHIPPERFIELD** was born at Dover, Bureau County, Illinois, the son of a pioneer Methodist Clergyman of this State. He was educated in the public schools of Illinois and attended Hamline University.

He is a trial lawyer by profession—admitted to practice in all the courts of the State and the United States. He has given freely of his time to public service—lectured and spoken for years on public subjects and occasions, always without compensation.

Was elected City Attorney of Canton, Illinois, and afterwards elected as State's Attorney of Fulton County. Was President of the States Attorneys' Association of Illinois; has served on many important Committees of the Bar Association of Illinois; was President of the American Society of Military Law, and is a member of the American Bar Association.

Was in the Illinois Legislature eight years, and was Chairman of the Judiciary Committee. Was also Chairman of the Submerged and Shore Lands Legislative Committee that did much to preserve the Lake Shore for the people of Chicago, and the rivers and lakes for the people of Illinois. During his service there, he was interested in labor and humanitarian measures. He was the author of the Convict Labor Law, taking convict labor out of competition with free labor. He there handled and advocated much of the mining legislation desired by the United Mine Workers of America. Was the author of the bill creating the Surgical Institution for Crippled Children, and many other measures looking to an improvement of living conditions in the State of Illinois.

Served as a member of the Congress of the United States, representing the State of Illinois at large. Was a member of the Rules Committee of the House of Representatives of the United States, a distinction rarely, if ever, accorded a new member of Congress.

Was a candidate for the nomination for United States Senator from Illinois in 1917. At the outbreak of the war, although he had actively commenced his campaign, he stated that he conceived it to be his duty to give his service to his country, and withdrew his candidacy "until a more propitious time," and early in 1917 entered the Army of the United States.

As an assistant to General Crowder, he helped to organize the Army of the United States for service in the war with the Central Powers, and was stationed in Chicago for that purpose. When this organization was well under way, he asked to be relieved from that duty that he might be sent to an active Division for overseas duty. Was assigned to the 33rd (Illinois) Division, and went with that Division to France early in the year 1918. The second day after the Division arrived in France, it was sent to the front and re-

mained there on active duty until the Armistice. During this time, he was promoted to Lieutenant Colonel for meritorious service.

After the Armistice, he was ordered into Germany with the Army of Occupation, being attached to the 3rd Army Corps. He was placed in charge of the Civil Administration of affairs of the occupied area of Germany across the Rhine. He was also made Superior Judge for that area. Was honorably discharged from the service in the summer of 1919.

Colonel Chipperfield was given numerous citations for his Army service, receiving them from General Pershing, General George Bell, Jr., and others, and was commended in writing by every General with whom he served. General Pershing awarded him a citation for "exceptionally meritorious and conspicuous service." He was also awarded a citation for "Gallantry in action against the enemy."

He is a member of the American Legion, Post No. 16.

Colonel Chipperfield is interested in agriculture and farming, and conducts near his home an extensive farm where he has given much time in developing the Aberdeen Angus breed of cattle.

He has taken much interest in educational matters, and during the period of construction and organization of the Western Illinois State Normal at Macomb, Illinois, acted as Secretary of its Board of Trustees.

He has distinguished himself as a citizen, lawyer, orator, Member of the Legislature, Member of Congress and as a soldier in the United States Army.

He would also distinguish himself in the United States Senate.

His candidacy presents the only opportunity to place a service man in the United States Senate.

The salient characteristics of the Dort can be summed up in three sentences.

**First,** it is a car that needs service-attention but very infrequently.

**Second,** when it does seem desirable to give the Dort a "going over" you can do it yourself easily, quickly, and inexpensively because of the marked simplicity and accessibility of Dort construction.

**Third,** its mileage per set of tires, gallon of gasoline, and quart of oil is perceptibly higher than common.

## President American Federation of Labor.

Labor Day, 1920, finds Labor facing the greatest issues of the time.

We are in the midst of a political campaign of paramount importance.

We are in the midst of a time in which those who oppose Labor are seeking to utilize every agency for the purpose of undermining the organization of Labor.

We are in the midst of trying times—times that call for steadfastness, solidarity and intelligence.

The political campaign makes it necessary that the workers everywhere should unite in the defeat of those candidates who are the enemies of Labor and defeat them; and that Labor should unite in support of those who are the friends of Labor and of the great masses of our people and elect them.

Through the machinery of government the enemies of Labor will, if they are successful, endeavor to restrict and deny the rights and liberties of the workers.

Those who stand for the principles

## WHY CHANGE?

TO THE VOTERS OF LEE COUNTY:

If you have a faithful and experienced employee in your store, bank or factory or on your farm, who has given you satisfactory service for several years, would you discharge him simply because another wants his job, especially so when you can re-hire the experienced man at the same salary you would have to pay an inexperienced man?

WHY CHANGE?

## EXPERIENCE NECESSARY

## EDWARD E. WINGERT

Republican Candidate for States Attorney, at Primary September 15.

The State's Attorney is the legal protector of the people and their property, and their efficient defense was never more needed than now in this age of unrest, when grave crimes are increasing rapidly.

He is also the attorney for the County, a corporation of nearly 30,000 people, in its complex business affairs.

Whatever else the State's Attorney may be HE MUST BE A TRIAL LAWYER of demonstrated capacity. This capacity can only be shown by years of experience. The office, paying \$2900 a year should be no field for experiment.

I have, in 31 years at the bar, tried many hundreds of cases, and in all the counties of the Circuit. This experience has not been limited to one sort, but has covered all kinds, criminal as well as civil. It is conceded that I can try suits successfully and without aid, and if elected I agree to ask no help from the County Board.

Where consulted in advance no client has ever lost money by relying on my advice.

I have never asked for or held any elective office, and do not believe that holding many offices justly entitles the holder to have others. I want this for one term only, and then another may have a chance.

Both men and women may vote at this primary and the support of all will be appreciated.

## DRINK HOT WATER BEFORE BREAKFAST

Says you really feel clean, sweet and fresh inside, and are seldom ill.

If you are accustomed to wake up with a coated tongue, foul breath or a dull, dizzy headache; or, if your meals sour and turn into gas and pain, you have a real surprise waiting you.

Tomorrow morning, immediately upon arising, drink a glass of hot water with a teaspoonful of Limestone phosphate in it. This is intended to first neutralize and then wash out of your stomach, liver, kidneys and thirty feet of intestines all the indigestible waste, poisons, sour bile and toxins, thus cleansing, sweetening and purifying the entire alimentary canal. Those subject to sick headaches, backache, bilious attacks, constipation or any form of stomach trouble, are urged to get a quarter pound of Limestone phosphate from the drug store and begin enjoying this morning inside bath. It is said that men and women who try this become enthusiastic and keep it up daily. It is a splendid health measure for it is more important to keep clean and pure on the inside than on the outside, because the skin pores do not absorb impurities into the blood, causing disease, while the bowel pores do.

The principle of bathing inside is not new, as millions of people practice it. Just as hot water and soap cleanse, purify and freshen the skin, so hot water and a teaspoonful of Limestone phosphate act on the stomach, liver, kidneys and bowels. Limestone phosphate is an inexpensive white powder
